

DO YOU LIKE JAZZ?  
ARE YOU INTERESTED IN IMPROVISATION,  
BUT JUST DON'T KNOW WHERE TO START?

### TO THE RESCUE

We will be offering a **Jazz Improvisation Camp** Monday-Friday, July 16-20 from 9-11am at our studios to instrumental musicians ages 13-18!

Participants will be introduced to the basics of jazz improvisation, including how to learn new material, read chord changes, and practice techniques that will improve their soloing immediately. They will also learn about the development of jazz styles throughout the history of the music.

The one week camp will conclude with a performance of the music covered by the students, giving them an opportunity to implement techniques and approaches discussed in the camp.

Tuition registration for the week is \$125 and must be received by July 2nd. Late registration is \$150.

Register online or stop by our store. Space is limited so don't wait to register!
